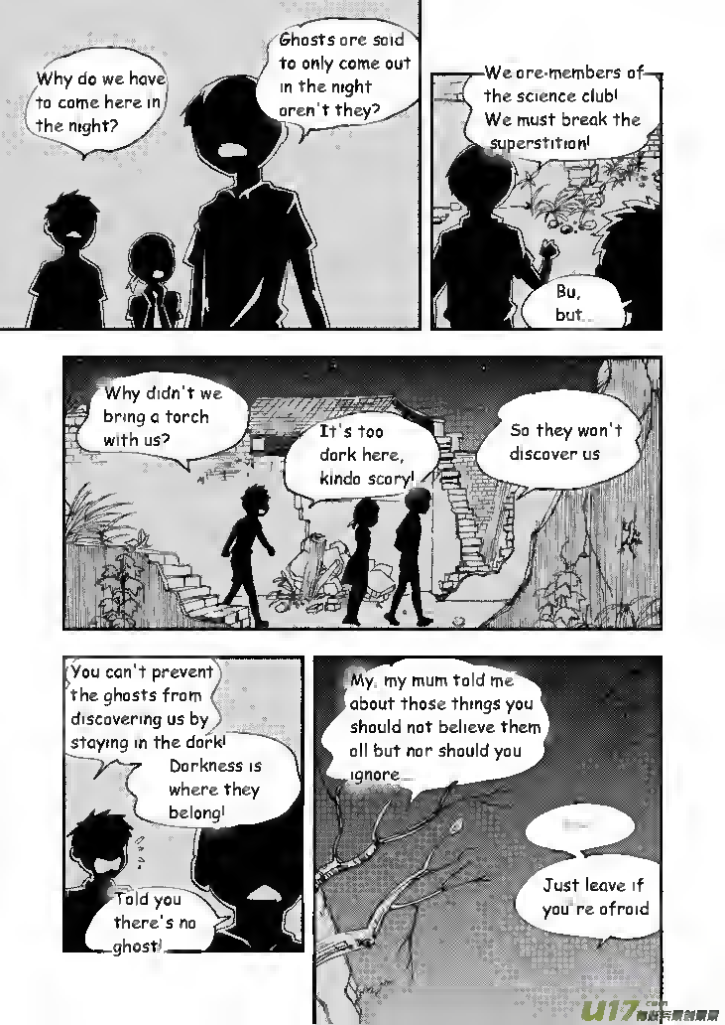
All Hail Empress Her Majesty EX
EX03 Desolate House by the Campus
拜见女皇陛下
EX03 校园旁的荒屋

There's a block of old houses to the northeast of the playground
操場
It's been desolated for long and nobody lives there
石河沟
But there's something in that area
Someone saw will-o'-the-wisp there
It is said to be an old ghost with a lantern, hunting for trespassers.
However some people don't believe in ghosts
啪嗒
啪嗒



Why do we have to come here in the night?
Ghosts are said to only come out in the night aren't they?
We are members of the science club! We must break the superstition!
Bu, but...
Why didn't we bring a torch with us?
It's too dark here, kinda scary!
So they won't discover us
You can't prevent the ghosts from discovering us by staying in the dark!
Darkness is where they belong!
Told you there's no ghost!
My, my mum told me about those things you should not believe them all but nor should you ignore...
Just leave if you're afraid

Superstitious...
Shimmering
忽闪

Aaaahhhh!!!
What's that!
Wi, will-o'-the-wisp!
?

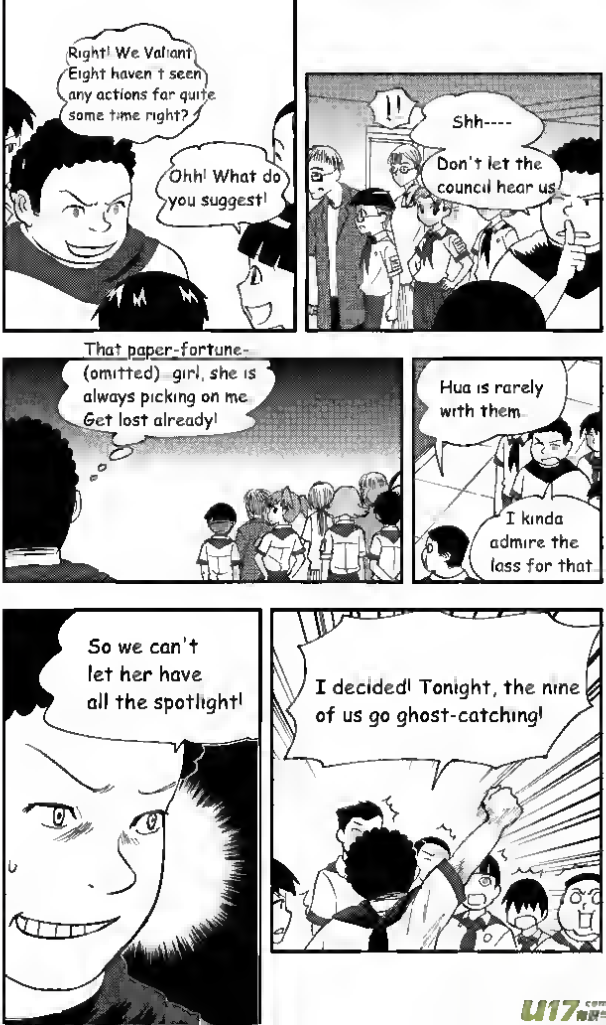
Waaahhh---
Hey!

Those guys...

What did they see...
!

唬——
Waaahh---!!!

Bastard! You don't hove to over immerse when telling o story!
咚
BAM
U-puff!
And you painted your face! Wanna scare me to death?
We happen to have art class today
But that was a true story!
It is said the lad in the story disappeared afterwards
What's more... Later someone said he saw...
Two will-o'-the-wisps over there!
He must be turned into a minion!
Soon after all that happened! The school covered it up in order to prevent chaos.
Don't fool me into believing you with 'the school covered it up'.
I'm not that stupid



Right! We Valiant Eight haven't seen any actions for quite some time right?
Ohh! What do you suggest!
!!
Shh----
Don't let the council hear us
That paper-fortune-(omitted)-girl, she is always picking on me. Get lost already!
Hua is rarely with them.
I kinda admire the lass for that.
So we can't let her have all the spotlight!
I decided! Tonight, the nine of us go ghost-catching!

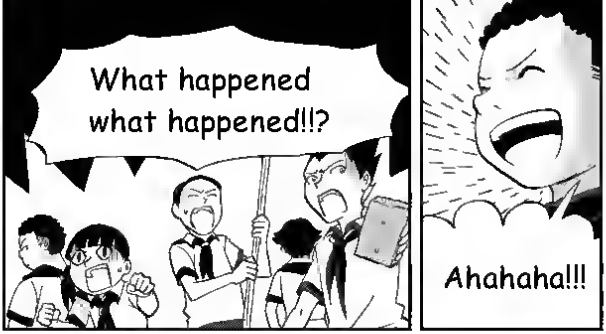
What ghost-catching!?

Bro Jun! Everyone could hear you shouting!
What was your 'shh~' for?

What misbehaviour are you planning again?
You are just a Discipline Commissioner! You're being nosy, paper fortune
Don't shout all those things out!
Wow!
Bro Jun, what's your relationship with her...

Everybody here?
Yeah, all here!
OK! Go!
Go ghost-busters!
Say, why am I the only one who brought a torch?
We all assumed others would bring one
Hey, why are you pushing me!
This formation is safer
Sigh---
呼
You all act as if you've got swag everyday
Now you chicken out when crunch comes!
We...we're no chicken! Wait and see!

But it's really obsolete here.
Watch your steps, don't trip yourself
Yeah, our teachers used to live here, but they moved out later
It is said that they moved out...
because it's haunted here.
When a house gets old, something dirty will spawn...
Ohh...
哇——
*Waahhhh



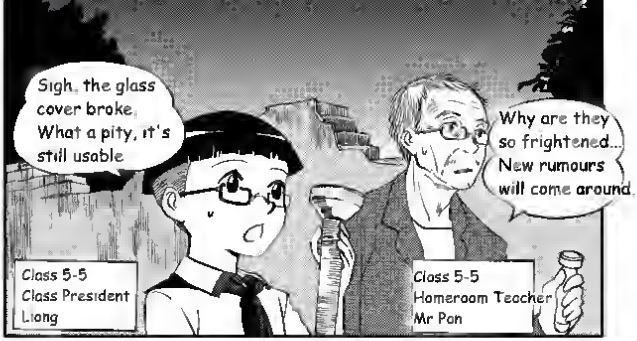
What happened what happened!!?
Ahahaha!!!

Look at you! Shameful! You call yourself Valiant Eight like that?
You can't scare us like that!
Bro Jun! I almost peed myself!

As my men you must have courage!
惊
Shock
Bro, Bro Jun.. behind you .
What? Trying to scare me?
Stop pretending It's useless.
Ahh... Waahhh.

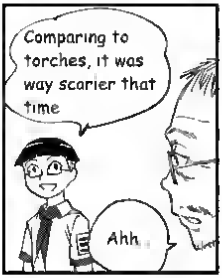
RUUUNNNN!!!!
Hey! You're too
Gulp
Two, two fires...

Mama Mia——
It's the big ghost and the minion!
Clang
啷



Sigh, the glass cover broke. What a pity, it's still usable
Why are they so frightened... New rumours will come around
Class 5-5 Class President Liang
Class 5-5 Homeroom Teacher Mr Pan

Why do they all believe in ghosts so firmly? They saw our torch light already
Maybe because we turned the light dawn to save electricity



Comparing to torches, it was way scarier that time
Ahh...

The rumour turned into two ghosts' after that too
Kids like stories like that

I remember that time...

Liang!
Just run!
The ghost is coming!
What're you waiting for!
Run already!
No...
If I run now, the chance to see the truth will be lost forever!
Fear is just the unease about the unknown...
Even if I run...
it will be after I see...
what the 'ghost' really is!
